

NCIN breast Cancer Workshop **Pilot Project – Derby Experience**

Ms Yasmin Wahedna
Consultant Breast Surgeon
Royal Derby Hospital

Data Collection

- 6 Surgeons (2 Academic)
- 2 Oncologists
- Data Manager

Source

- New patient GP referral Clinic
- Follow up Clinic: Post op surveillance
 - Advanced breast cancer
 - Primary Endocrine
- In patient referrals

Data collection

- MDT - Primary breast cancer
 - Advanced breast cancer

Attended by data manager

- Clinics – letter to GP & data manager
- Trust CWT (Cancer Wait Targets) – data manager

Pitfalls

- Getting all on board
- Oncology – Change in hormone therapy
- Time

Improvements

- Introduction of Inflex – live entry data at MDT
- Cancer Care Plan / MDT data items on Inflex are upload directly to Cancer Registry
 - Metastatic site
 - Recurrence indicator
 - Treatment

Thank You
