

Using Data

The Patient Focus

NCIN Brain / CNS Clinical Leads Workshop

16th May 2012

Brain Tumour Consortium

- Brain Tumour Research
- Brain Tumour UK
- International Brain Tumour Alliance
- Samantha Dickson Brain Tumour Trust
- Campaigning for improved brain tumour policy and services

Brain Tumour Consortium

Priorities

- Presented Manifesto to APPG MPs in 2010:-
 - Ensure early diagnosis and treatment for brain tumour patients
 - Implement NICE's best practice guidance
 - Increase Government investment in brain tumour research

Brain Tumour Consortium

Raising the profile

- All Party Group Meeting
- Brain Tumour Summit
- Website and toolkit
- Mass Lobby on June 13th

Brain Tumour Consortium

Tools to raise awareness

- Statistics
- Secondary Tumours
- Survival

Brain Tumour Consortium

Early Diagnosis and Treatment

- Routes/time to diagnosis
- Life expectancy
- Improve diagnosis
 - Headsmart campaign
 - MacMillan research

Brain Tumour Consortium

Implementing NICE IOG

- New Health bill - threat to the IOG
- NICE IOG saves money
- Tools supporting implementation:-
 - Evidence
 - Peer review

Brain Tumour Consortium

Increase investment in research

- Clinical trials
 - 19.8% of new cancer cases recruited 2010/11
 - Only 10.8% brain tumour patients entered
 - Only 1.1% into randomised trials
- Spend: **NOT ENOUGH!**

Brain Tumour Consortium

SUMMARY

We've achieved a lot in the past year – but we need your help to achieve more!

Thank you for your attention

Jenny Baker OBE
